Professional Profile

Associate Professor with **19 years of academic and research experience** in Computer Science and Artificial Intelligence. Expertise in Machine Learning, Natural Language Processing, Deep Learning, Big Data Analytics, and Network Security.

Published **25+ research papers** in **SCI, SCIE, Scopus, ESCI, Springer and IEEE indexed venues** and contributed to **book chapters, patents, and interdisciplinary research collaborations**.

Experienced in **curriculum design, research mentoring, international teaching, academic leadership, and quality assurance in higher education**.

Research Interests

Machine Learning

Deep Learning

Big Data Analytics

Natural Language Processing

Network Security & Data Mining

Software Engineering

Academic Experience

Total Academic Experience: **19+ Years**

Associate Professor

Vignan's Institute of Management and Technology for Women, Hyderabad

Aug 2023 – Present

- Teaching undergraduate and postgraduate courses in AI, ML, and data-driven technologies
- Mentoring student research projects and interdisciplinary academic initiatives
- Leading departmental academic activities and curriculum planning

Assistant Professor

King Khalid University, Saudi Arabia

Sept 2012 – Aug 2023

- Delivered core computer science courses for undergraduate programs
- Contributed to academic quality assurance and program development
- Coordinated research and curriculum activities within the department
- Recognized with **Best Teacher Award (2018)**

Assistant Professor

Scient Institute of Technology, Hyderabad

Jan 2009 – Sept 2012

- Taught foundational computer science subjects and guided student projects
- Served as **Assistant Head of Department**, supporting departmental administration

Assistant Professor

Vathsalya Institute of Science and Technology, Nalgonda

Apr 2007 – Jan 2009

Education

Ph.D. – Computer Science & Engineering

Acharya Nagarjuna University, 2024

Research Title

Predictive Analysis on Product Demand of Consumer Goods Using Deep Learning Techniques

M.Tech – Computer Science & Engineering
JNTU College of Engineering, Ananthapur – 2007 (Distinction)

B.Tech – Computer Science & Information Technology
Sreenivasa Institute of Technology and Management Studies – 2004 (First Class)

Research Publications

Author of **25+ research publications** in international journals and conferences covering machine learning, big data analytics, predictive modeling, and IoT-based systems.

Selected SCI / SCIE Publications

- Encoder–Decoder Dilated ResNet with Region Attention Model for Multimodal Image Fusion
  The Imaging Science Journal, 2026 (SCI Q2)
- Frequency-Tunable Half-Mode Substrate Integrated Waveguide Antenna Sensor
  AEU – International Journal of Electronics and Communications, 2026 (SCI Q2)
- Vanadium Dioxide Based Terahertz Metasurface Investigation
  Journal of Materials Chemistry C, 2026 (SCIE)

Selected Scopus Indexed Publications

- Big Data Analytics with OENN Based Clinical Decision Support System
  Intelligent Automation & Soft Computing, 2022
- Machine Learning Approaches for FMCG Demand Forecasting
  International Journal of Intelligent Systems and Applications in Engineering, 2024
- Comparative Analysis of XGBoost and Gradient Boost Models for Demand Forecasting
  Journal of Theoretical and Applied Information Technology, 2024
- Sentiment Analysis of Helpdesk Calls Using Machine Learning
  Journal of Information Systems Engineering and Management, 2025

Research contributions focus on **predictive analytics, machine learning optimization, healthcare data analysis, and intelligent decision support systems**.

Conferences and Book Chapters

Active contributor to international conferences and edited volumes.

Selected works include

- IEEE International Conference on Image Information Processing (ICIIP), 2023
- IEEE Conference on Automation, Computing and Renewable Systems (ICACRS), 2023
- Springer Lecture Notes Series – Computer Networks, Big Data and IoT
- CRC Press Book Chapter: *Leveraging LSTM Networks for Predicting User Demand*

Patents

- System for Predicting Patient Outcome to Cancer Therapy – US Patent (Granted)
- AI-Based Photocatalysis Approach for Environmental Protection – India Patent (Published)
- Voice-Controlled Smart Home Security System Using IoT – India Patent (Published)
- Sensor-Based Wireless Earbuds with Noise Cancellation – Design Patent (Granted)

Books

Author of academic and professional books including:

- *Data Engineering* – NTL Publications
- *Building Intelligence*
- *The Beginner's Guide to Machine Learning*

Teaching Expertise

Delivered courses across undergraduate and postgraduate programs including:

Machine Learning
Natural Language Processing
C Programming

Deep Learning
Big Data Analytics
Data Mining
Cryptography and Network Security
Database Management Systems
Computer Networks

Operating Systems

Web Technologies

Data Structures

Computer Graphics

Academic Leadership and Administrative Roles

- **Department In-Charge**, Vignan's Institute of Management and Technology for Women (2024–Present)
- **Quality Coordinator**, King Khalid University (2018–2023)
- **Assistant Head of Department**, Scient Institute of Technology (2009–2011)
- Course coordinator and academic mentor for undergraduate and postgraduate programs
- Supervised student research and final year projects and Prepared a Souvenir include all academic research projects.

Awards and Recognition

- **INSC Research Excellence Award**
- **Best Teacher Award**, King Khalid University (2018)
- **Best Research Paper Award**, 2024
- Recognition as **Session Organizer**, International Conference on Artificial Intelligence and Networking (2025)
- Appreciation awards for academic contributions in international conferences
- National award for M.Tech project

Professional Memberships

Member – International Association of Engineers (IAENG)

Member – Society of Digital Information and Wireless Communications (SDIWC)

Member – Institute for Educational Research and Publication (IFERP)

Member – INSC Research Community

Certifications and Professional Development

Completed professional certification programs in:

Machine Learning

Deep Learning (TensorFlow Developer Program)

Natural Language Processing with Microsoft Azure

Business Analysis and Process Management

Amazon Web Services

Also participated in multiple **Faculty Development Programs in AI, Data Analytics, MATLAB, Power BI, and Data Science**.

Personal Details

Date of Birth: 05 June 1982

Nationality: Indian

Address

Flat No.102, Saraswathi Nilayam

Arunodaya Nagar Road No.9

Nagole, Hyderabad – 500068

Dr. Murari Thejovathi

B. Tech, M. Tech, Ph.D.
